

Affiliate Membership Subsidy Program at EPS Flagship Conferences

To encourage EPS membership and engagement with EPS, EPS has initiated an Affiliate Membership Subsidy Program whereby non-member conference registrations at EPS flagship conferences will be offered a complimentary EPS Affiliate Membership for the following year. After the conference, EPS will contact all non-IEEE member registrants to complete a form if they wish to apply for the complimentary affiliate membership. EPS will cover the cost of the affiliate membership once the application is approved, at a cost of US\$76.50 (EPS will waive its US\$15 membership fee that would normally be included in the \$91.50 total affiliate membership price).

The privileges of EPS Affiliate Members vs IEEE EPS Members are given below:

	IEEE member (no EPS)*	IEEE Member (with EPS)*	EPS Affiliate Member	EPS Graduate Student Member	EPS Student Member
EPS Webinar Access	No	Yes	Yes	Yes	Yes
Society Chapter Membership	No	Yes	Yes	Yes	Yes

**Also for e-Memberships*

Notes:

1. A Society Affiliate is a member of an IEEE Society. Society affiliates are not IEEE members and are not entitled to any IEEE benefits or services that are reserved solely for IEEE members.
2. All affiliate benefits and services come directly from the individual IEEE Society offering affiliation. For each Society one is affiliated with, the applicant pays a separate annual affiliate fee plus that IEEE Society's annual membership dues.

IEEE Benefits include:

1. Group insurance options
2. Various Discounts to services and goods: https://www.ieee.org/membership/discounts/index.html?WT.mc_id=lp_ms_md
3. IEEE Google account(@ieee.com) - Mail
4. IEEE Conference discounts

Affiliate members can a reduced fee to convert to IEEE membership by utilizing their Affiliate Membership credit. Please see details available at the IEEE website.
