Guidelines for the Preparation and Submission of Manuscripts

1. Please download the Manuscript Template from the EPTC website and follow the instructions there to prepare your manuscript.

2. Your manuscript must be at least 4 full pages long and not exceed 8 pages.

3. Prepare your manuscript carefully addressing all the reviewers' comments.

4. After completing your manuscript, please convert it into a PDF and rename it XYZ.pdf where XYZ is the 3-digit ID of your Abstract.

5. Then log into Conftool and upload your pdf manuscript. Your submission will be acknowledged by an email from Conftool.

6. Please submit your manuscript before the deadline **15 September 2024**. This is a **strict deadline** when we will transit into the Manuscript Review Phase. In this phase, your paper ID will be changed to 1XYZ where XYZ is your 3-digit Abstract ID and reviews of your manuscript will commence.

7. Please note that for accepted papers to be published in the IEEE EPTC 2024 Conference Proceedings and in IEEE Xplore®, an author of each paper must be registered for the conference, pay the required fee, and present the paper at the conference. Each non-student registration can have a maximum of TWO papers associated with it while a student registration can have only ONE paper associated with it.
