

Registration Terms and Conditions

- Registration is binding once completed.
- You may cancel your registration at any time before the Early Bird Date, but an administrative fee of S\$100 will be deducted from the fees paid. After the Early Bird Date, you may not cancel your registration, but you may transfer it to any person of your choice by emailing his/her name and other details to the EPTC Secretariat at least two weeks before the start of the conference.
- Registration fees are due upon registration. The registration fee rate payable (Early Bird, Standard, or Late) will depend on the actual date of payment.
- Your participation is only guaranteed once the full registration fee is received.
- The conference program is subject to change without notice.
- If the conference is cancelled by the organizer, payments will be refunded after deducting transaction costs. Thereafter, the organizer will have no further liability. If the conference is postponed, registrations will remain valid.
- A banquet ticket and door gifts are only guaranteed for conference registrations that have been fully paid by the Early Bird date. This is necessary as the organisers need to know the precise number of registrants to cater for on the Early Bird deadline.
- Due to the huge discounts provided, student registrations are not entitled to any banquet tickets.
- Daily lunches and coffee breaks are included in the registration as well as the Welcome Reception on Dec 2 evening.
- Acceptance of IEEE Policies is required.
